

# Abdelrhman Gouda

Abdelrhman.Gouda@nyulangone.org

---

## EDUCATION

**Hunter City University of New York**, New York City, NY 2019 – Ongoing  
*Bachelor of Science in Psychology | Clinical Psychology Concentration*

- Dean's List 2020 - 2022

---

## WORK EXPERIENCE

**NYU Grossman School of Medicine**, New York, NY – *Research Assistant Intern* August 2022 – Present

- Performing phone screens to ascertain whether or not prospective research participants meet inclusion criteria for our Major Depressive Disorder study.
- Administering a variety of mood assays, IQ tests, and decision-making tasks to research participants.
- Conducting post-visit data collection, organization, and filing.

**University of Michigan**, Ann Arbor, MI - *Research Assistant Intern* May 2022 - August 2022

- Learned to perform various rat husbandry related procedures, rat handling, and in-vivo psychedelic administration. Also shadowed a wide variety of rat surgical procedures.
- Conducted behavioral and EEG analysis to look for altered-conscious-states in rats.
- Prepared and gave a presentation to an auditorium of the neuroscience department faculty on my findings and attended/presented at a poster symposium with my peers.

**CVS Pharmacy**, New York, NY - *Pharmacy Technician* March 2020 – October 2021

- Transcribed, filled, and distributed prescriptions to patients, frequently encountering and solving insurance related problems while practicing conflict resolution strategies.
- Prepared COVID testing kits and administered them to hundreds of patients.
- Assisted and advised patients regarding questions about their medication with a pharmacist's guidance.

---

## COMMUNITY/VOLUNTEER EXPERIENCE

**Hunter City University of New York**, New York City, NY - *Teacher's Assistant* February 2020 – May 2020

- Assisted in a Statistical Methods in Psychological Research course with grading homework, answering course related questions, and providing feedback on course content from a student's perspective.
- Organized, practiced, and presented recitations and exam reviews where I learned how to package my own knowledge in an easily digestible format for those struggling with class content.
- Held weekly office hours where I offered one-on-one tutoring services with students to help students overcome roadblocks in their assignments/study.

---

## PUBLICATIONS/POSTERS

1. Abdelrhman Gouda, Emma R. Huels, Tiecheng Liu, George A. Mashour, Dinesh Pal. **Dimethyl Sulfoxide Combined with Polyethylene Glycol 400 as a Vehicle for Salvinorin A**. Presented at The Society for Neuroscience in the fall of 2022.

---
